

STORY TELLERS SERIES

“Lights, Camera, Action!” These words become a reality for dancers during Three Hearts Dance's Storytellers Series. THD brings its mission of unleashing freedom for dancers to live bold lives of optimism, artistry, & love by challenging dancers to take their technique into the dance film world. Three Hearts Dance partners with Eriden Images to create an experience for dancers ages 10+ to step outside of their typical choreography experience. Artistic Director, Lexie Bristol, leads dancers through a two-day dance choreography intensive that leads up to the makings of your studio's very own Three Hearts Dance Story!
